

Can't find the validation, resources or training solutions you need?

PVSR is your solution.

PVSR's philosophy and management is based in the quality of our services and cost effective solutions.

PVSR focus not only in validation solutions but also on resources and the training needs of the Pharmaceutical, Biotechnology and Medical Devices industry.

Our core business personnel and our resources capabilities have access to the experienced resources in the most advanced and demanding pharmaceutical facilities in the world.

We have the bilingual, certified professionals you need to support your operations in Puerto Rico, Latin America, US or the world. With the use of advanced biometric controls for resource management to specialized Internet tools to coordinate, follow up and to stay connected with clients, **PVSR** is the solution you've been waiting for.
